

YEAR 1/2
SPRING

COMPUTING

We Are Rhythmic

WHAT SHOULD I ALREADY KNOW?

- What I should already know
- How to select and set brushes and colours
- How to create artwork on iPads
- How to use the undo function if I make a mistake
- How to paint on top of photographs
- How to use multiple layers in my art

STICKY KNOWLEDGE

- How to record audio on an iPad
- How to program software to play audio.
- How to use virtual instruments.
- Purposefully, create, store, organise, manipulate and retrieve digital content.
- Understand what algorithms are.

Key person: Billie Eilish is an American singer-songwriter. She first gained public attention in 2015 with her debut single "Ocean Eyes". She has broken many records including being the youngest ever headlining act at Glastonbury.

VOCABULARY

Audio	Sound, such as spoken narrative or music.
Microphone	An input device converting sound pressure into data.
Midi	A computer audio format or standard in which the pitch, duration and volume of individual notes is specified.
Sample	Snapshot of a sound pressure value.
Speaker	Output device converting data into sound patterns, typically drums and other percussion instruments.
Track	Recording of audio from one microphone, or the instructions for digital music to be played on one instrument or group of instruments.

Weaving Concepts
