

YEAR 3/4  
AUTUMN

# COMPUTING

We Are Bloggers

## WHAT SHOULD I ALREADY KNOW?

- I can use technology purposefully to organise, store and retrieve digital content.
- I can use technology purposefully to create and manipulate digital content.

## WHAT I WILL KNOW

- Devices, programs and internet services can all link together to accomplish a given goal.
- Become familiar with blogs as a medium and a genre of writing.
- Understand computer networks can provide multiple services and opportunities for communication and collaboration.
- It is often best to combine programs such as the internet, photo editing software and a presentation tool to accomplish the best possible outcome.
- Use technology safely, respectfully and responsibly; recognise acceptable/ unacceptable behaviour.
- Learn to evaluate the content they found online.

## VOCABULARY

Comments	A tool in word processors (and other software) to allow one user to provide feedback and suggestions on part of a document
Hyperlinks	Text or image that, when clicked, opens another page or moves to another part of the document.
Internet	A global networking connecting computers and technology using wire and radio connections.
Personal information	Information relating to an identified or identifiable individual

**Ryan Kaji:** Ryan has been unboxing toys on YouTube for many years and has recently started carrying out scientific experiments on his channel. He has also popped up on traditional TV channels like Nickelodeon and inspired over 100 toys, items of clothing, and other merchandise products. This year he has 31 million subscribers on his YouTube channel!
