

What should I already know?

- I recognise that some environments are different to the one in which I live.
- I know the location of hot and cold areas of the world in relation to the Equator and the North and South Poles.
- I Know how to use maps, atlases and globes to identify the United Kingdom, continents and oceans.

Concept

What we are learning

- Identify the position and significance if the Tropics of Cancer and Capricorn.
- The worlds biomes.
- Types of settlement and land use.
- Use maps and digital/computer mapping to locate countries and describe features studied.

Tier Three Vocabulary

Biome	Biomes are areas of the planet with similar climates, landscapes, animals and plants.
